**Building 30 Renovation, WPAFB**

---

**Dayton, Ohio**

---

**Dave Smith was the on-site field supervisor and project manager for this unique renovation project at WPAFB. This project converted a hangar / airplane manufacturing facility into new office space for the U.S. Air Force.**

**The schedule for this project was very demanding; yet it was completed ahead of time and occupancy was given in less than six months.**

**Dave's work on this project earned an "Outstanding Performance" rating from the Army Corps of Engineers.**

***"Mr. Dave Smith was ... the Job Superintendent for this project and we were extremely pleased with his guidance."***

**-Mark Beachler, Architect**
